

Letters From our Customers

To all those interested in building a new home:

Â When we first decided we wanted to move we always thought we would buy a house already built. However, much to our surprise we chose to build a new house. We had already met with two other builders but neither one seemed to be just right. Then we were fortunate enough to be introduced to James Construction and saw their work first hand in one of their model houses.

Â We fell in love with his ideas and just increased the size of the house and added on a sunroom. One outstanding benefit is the cost of his houses. His prices are extremely reasonable and affordable.

Â We always had our questions and concerns answered to our satisfaction.Â Eddie would return all of our phone calls promptly which meant a lot. He would never make us seem like we were bothering him or that our questions were inconsequential.Â Eddie is very down to earth, just a regular guy who makes you feel like you have known him for a long time. HE has a great interest in making you happy. Not only did we like Eddie but also all the other people he uses to work on his houses. They were all so friendly and helpful!

Â If there were changes we wanted to make while the house was being built he complied with all of our wishes. Even after we moved in and a few concerns had arisen, he was right there to call the right person to come out and correct the problem.

Â So, if you are looking for a builder to build your dream home, we highly recommend James Construction.Â We are so glad to have chosen him and you will be as well.

Sincerely,

Â Richard and Barbara K.Â -----

-----Â Dear Eddie:Â Once again I would like to say thank you for the beautiful home that you constructed for me and my daughter. Words alone can't express the appreciation that I feel for the work that you and your crew have done.Â Throughout the whole process, I was nothing short of thoroughly impressed with the quality of the materials used as well as the conscientiousness of everyone that had a hand in building this wonderful home. Anyone that walks into this home will be able to tell that it wasn't just a house slapped together like some other builders would have done.Â It is obvious that time was taken to put together a well-structured, comfortable home that will last for many, many years.Â I know that if we had gone with another builder, I would not be as content or satisfied with the decision or the end result of our home. I can't thank you enough and will definitely recommend you and your company to anyone that is looking for a new home! Â I hope you and your family have a wonderful holiday season and a blessed New Year!!

Â Â Sincerely,
Â Paula W.
